

TECHNICAL DATA SHEET

KILBLAT/ KILBLAT HFO

Non-flammable Insecticide for Crawling Insects

DESCRIPTION

Kilblat is a non-flammable aircraft approved insecticide used during line maintenance to eliminate cockroaches and other crawling insects on board. Kilblat is particularly suitable for treating aircraft (holds, galleys), kitchens, bars, cupboards and all exposed areas.

FEATURES & BENEFITS

- Specially designed to effectively destroy crawling insects
- Non-flammable formulation
- Slow release active, providing long lasting effect over time
- Is applied "upside down" to target the areas to be treated
- One-shot diffuser for easy application use
- Available also in EU compliant gas (HFO)

PREPARATION

- In order to obtain maximum efficiency, it is necessary to carry out a deep cleaning of the aircraft prior to applying Kilblat.
- All bins must be empty and taken out of the aircraft.
- Wet locations and presence of food are favourable conditions for cockroach development.
- No food is to be present on board during the treatment. No passenger to be present during this procedure.
- Only skilled staff carrying out the treatment should be on board.

DIRECTIONS FOR USE

- **Start the treatment by the side furthest from the open door**
- Carry out thorough cleaning. Do not forget rails, behind trolleys and castors.
- Shake can well before use and hold the spray "upside down".
- **Single Shot:** Press hard on the actuator until it locks. The spray will be continuous until the can is depleted. **Multi Shot:** Press slightly on the tab without locking it. Release to stop spraying.

TECHNICAL DATA SHEET

- Spray in a grid pattern the surfaces to be treated identifying the places frequented by insects (damp areas or where there is food).
- Use Kilblat at a distance between 20-30cm away from the surface to be sprayed.
- Reapply 3 times, every 2 to 3 weeks. The spray can is equipped with a special valve and can therefore be used in all positions.

ORDERING INFORMATION

Product code	Packaging	Units/Carton
AR0006540	400ml Aerosol	12 units /carton
AR0006572	200ml Aerosol	12 units /carton

APPROVALS

- AMS1450
- Boeing D6-7127
- Registered with the French Ministry for Ecology, Sustainable Development and Energy (MEDDE) - Inventory N° 3735 / Product Type 18 – As part of EU Biocidal Product Regulation n°528/2012

WARNING

Pressurised container: May burst if heated. Very toxic to aquatic life with long lasting effects.

PRECAUTION

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No Smoking. Do not pierce or burn, even after use. Avoid release to the environment. Collect spillage.

STORAGE & DISPOSAL

Store in a cool, dry, ventilated place. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep out of reach of children. Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.
