

TECHNICAL DATA SHEET

WATER IN FUEL EMULSIFIER (ROX[®] MF 1600) Code 8261

DESCRIPTION

A concentrated Water in Fuel Emulsifier has been designed to maximise the emulsification effect up to 10 times of the original product. It is most effective for land-based diesel, marine MGO and hybrid fuels.

The smallest amounts of water from condensation can cause many problems. The introduction of water into fuel introduces bacteria and fungi which use the fuel as their food. If left untreated fungi and bacteria will grow rapidly at the water fuel interface, resulting in costly remediation. Water in Fuel Emulsifier has been formulated to both remove the water condensate into a Nano emulsion as well as provide a powerful fuel treatment.

The fuel treatment will remove & prevent bacteria and fungi growth, remove any varnish and hydrocarbon build up, prevent corrosion, and improve lubricity.

Water in Fuel Emulsifier have been implemented as an alternative fuel to reduce NOx emissions and particulate matter significantly.

FEATURES & BENEFITS

- Removes water
- Kills & prevents bacteria & fungi growth
- Cleans Injectors and engine components
- Prevents corrosion
- Improves lubricity
- Reduces NOx
- Reduced emissions and particulate matter

DIRECTIONS

The recommended treat rate is 1:500 for the initial first-time treatment and 1:1000 for subsequent treatments. Add to fuel tank prior to top up with fuel or by metering pump.

TECHNICAL DATA SHEET

PHYSICAL PROPERTIES

Appearance Colour: Light brown coloured liquid
Density: 0.89+/-0.02
Transparency: Clear

HANDLING

Combustible - Do not use near open flame or heat. Keep out of reach of children. Refer to the Material Safety Data sheet for further information.

FIRST AID

If swallowed - do NOT induce vomiting. Give a glass of water to drink. Contact a Doctor or Poisons Information Centre. If in eyes flush with plenty of water for at least 15 minutes. If on skin, wash with soap and water. Refer to Material Safety Data sheet.

ORDERING INFORMATION

Product Code	Packaging
8261/51	20 litres
8261	200 litres

WARRANTY – All statements, information and data presented herein are believed to be accurate and reliable but are not to be taken as a guarantee, expressed or implied, for which seller assumes legal responsibility and they are offered solely for your consideration, investigation and verification. Statements or suggestions concerning possible use of this product are made without representation or warranty that any such use is free of patent infringement and are not recommendations to infringe on any patent.
