

ROX[®] AUTOMOTIVE WORKSHOP PRODUCTS

A specially formulated complete range of fuel additives and care products for the professional workshop and the everyday motor enthusiast.

ROX[®] AUTOMOTIVE PRODUCTS

Protect the environment

Reduce Greenhouse emissions

Improve fuel economy

Increase performance (octane/cetane boost)

Reduce engine wear (corrosion, sludge)

The ROX[®] Range of Fuel Additives brings all of Callington's expertise together to create chemical solutions to meet the demanding requirements of the professional workshop. The range has been formulated with the experience gained from over 40 years in the Petroleum Industry.

Our range of chemicals have been specifically formulated to treat and prevent contaminants, improve stability, improve fuel quality, improve engine performance, reduce consumption, and reduce emissions harmful to our environment.

Our long history in producing solutions for the aviation market enables us to provide the automotive market with the most advanced and efficient fuel additives formulations at the highest standards.

Our ROX® PRO Products for trade and workshops:

- Engine Flush
- Petrol Injector Cleaner
- Diesel Injector Cleaner
- Octane Boost
- Radiator Flush
- DPF Cleaner
- Engine Anti-wear

Our ROX® CARE & ROX® DIESEL Products for consumers:

- Octane Superboost
- Cetane Booster Plus Cleaner
- Octane Booster Plus Cleaner
- Degreaser
- Car Wash
- Mag Wheel Cleaner

ROX® PRODUCTS FOR TRADE AND WORKSHOPS

ROX® PRO ENGINE FLUSH

- Removes engine sludge and contaminants
- Frees sticky valves and hydraulic lifters
- Will not harm oil seals or gaskets
- Cleans the engine internally, improving engine life

Item Code	Packaging
8290/300	300mL
8290/30	1L
8290/42	5L
8290/51	20L

ROX® PRO ENGINE ANTI-WEAR

- Reduces friction and wear
- Prolongs oil and engine life
- Protects engines at start up and in extreme conditions
- Reduces oil oxidation and thickening
- Reduces oil sludge and varnish build up
- Promotes smoother engine performance
- Suitable for all engine and oil types

Item Code	Packaging
8296/300	300mL
8296/30	1L
8296/42	5L

ROX® PRO DIESEL INJECTOR CLEANER

- Cleans and protects diesel fuel systems
- Reduces environmentally harmful emissions
- Reduces black exhaust smoke
- Increases engine performance
- Improves fuel economy

Item Code	Packaging
8292/300	300mL
8292/51	20L

ROX® PRO PETROL INJECTOR CLEANER

- Improves engine performance
- Improves fuel economy
- Fast acting formulation
- Reduces harmful greenhouse emissions
- Provides corrosion protection

Item Code	Packaging
8291/300	300mL
8291/51	20L

ROX® PRO OCTANE BOOST

- Increases octane by up to 3.7 RON
- Boosts the octane rating of all types of petrol
- Improves fuel economy
- Boosts engine performance
- Improves engine power and acceleration

Item Code	Packaging
8293/300	300mL

ROX® PRO DPF CLEANER

- Cleans blocked DPF's
- Improves fuel economy and reduces CO² emissions
- Visibly reduces smoke and opacity
- Improves combustion efficiency
- Minimises unscheduled maintenance and operational costs

Item Code	Packaging
8295/300	300mL

ROX® PRO RADIATOR FLUSH

- Reduces overheating
- Safe to use with all coolant types
- Neutralises harmful acids
- Reduces sludge
- Requires no pre-mixing

Item Code	Packaging
8294/300	300mL

ROX® FUEL ADDITIVES FOR RETAIL

ROX® OCTANE SUPERBOOST

- Increases octane by up to 7 RON
- Prevents engine pinging
- Boosts the octane rating of all types of petrol
- Improves fuel economy
- Boosts engine performance
- Improves engine power and acceleration

Item Code	Packaging
8297/300	300mL

ROX® OCTANE BOOSTER PLUS CLEANER

- Boosts octane by up to 3.7 RON
- Cleans and maintenance fuel injectors
- Improves fuel economy
- Improves power and performance

Item Code	Packaging
8298/300	300mL

ROX® CETANE BOOSTER PLUS CLEANER

- Boosts Cetane rating
- Reduces engine noise
- Lubricates engine injector pumps and plungers
- Reduces engine exhaust emissions
- Improves fuel economy

Item Code	Packaging
8299/300	300mL

ROX® PRODUCTS FOR CONSUMERS

ROX CARE

ROX® CARE CAR WASH

- Powerful cleaning leaving a streak free shine
- Biodegradable
- Removes grease, grime, oil and soot
- High suds formula for an effective clean
- Formulated for cold water

Item Code	Packaging
8243/30	1L
8243/42	5L
8243/51	20L

ROX® CARE DEGREASER

- Non-flammable
- Water based
- Concentrated product
- Environmentally friendly
- Economical
- Can be used on engine components safely

Item Code	Packaging
8240/42	5L
8240/51	20L

ROX® CARE TRUCK WASH SUPREME

- Biodegradable
- Powerful cleaning leaving a streak free shine
- Removes grease, grime, oil and soot
- High suds formula for an effective clean

Item Code	Packaging
8244/42	5L
8244/51	20L

ROX® CARE MAG WHEEL CLEANER

- Produces a gleaming shine for 'mag', alloy and chrome wheels
- Spray-on, hose-off for a sparkling finish
- Does not contain hydrofluoric acid (HF) or sodium bifluoride

Item Code	Packaging
8247/28	750mL
8247/42	5L

ROX® CARE NON-SILICONE WATER BASED TYRE SHINE

- Long lasting non-silicone tyre shine
- Immediately improves the appearance of the tyre
- Protects from cracking and premature aging
- Can be sprayed, painted or wiped onto tyre
- Instant, wet high-gloss look

Item Code	Packaging
8241/30	1L

ROX® CARE ALUMINIUM CLEANER

- Restores the original lustre to the metal
- Leaves no residual film after rinsing, reducing post weld surface preparation
- Non-flammable, making it workshop safe for application and storage
- Readily rinsible with water, for easy mixing
- Fast acting formulation, reducing cleaning time
- Concentrated cleaner making it very economical to use on large scale projects

Item Code	Packaging
8245/30	1L
8245/42	5L
8245/51	20L

ROX® CARE METAL CLEANER

- Readily miscible with water
- Leaves no residue
- Promotes surface passivation
- Aids surface passivation – improves surface life
- Wide dilution rate – gives a variety of uses

Item Code	Packaging
8246/30	1L
8246/42	5L

ROX DIESEL

Our **ROX® DIESEL** additive products ensure maximum performance from diesel engines by:

- Cleaning injectors
- Reducing fuel consumption
- Reducing power losses
- Preventing fuel filter plugging

ROX® DIESEL BIOATTACK

	Item Code	Packaging
<ul style="list-style-type: none"> • Effective as a “quick-kill” on biocide and provides long-term diesel fuel maintenance • Kills microbes (bacteria and fungus) that grow in dispersed and free water associated with diesel fuels • Prevents fuel filter plugging, which helps prevent fuel systems failures • Reduces engine maintenance costs • Protects fuel system components against organic acids created by microbial growth 	8286/42	5L

ROX® DIESEL PRESERVER (STABILISER)

- Prevents the degradation of fuel for up to 12 months
- Stabilises the performance and characteristics of fuel for improved economy
- Reduces power loss in engines
- Prevents fuel system corrosion
- Improves the spray pattern of diesel fuel within the combustion chamber

Item Code	Packaging
8287/30	1L
8287/42	5L
8287/51	20L

ROX® DIESEL ECOPLUS

- Provides up to 5% fuel saving and up to 18% AdBlue saving
- Cleans injectors, intake and outlet valves and combustion chamber deposits
- Reduces NO & CO and particulate matter, black smoke and fuel consumption
- Provides greater horsepower and cleaner combustion
- Inhibits corrosion and rust
- Provides reduced noise and reduced vibration

Item Code	Packaging
8285/30	1L
8285/42	5L
8285/51	20L

ROX® DIESEL EcoPlus effectiveness test

Scope: The scope of the trial was to measure the changes in fuel economy (expressed in fuel consumption) and Adblue consumption in a fleet of three trucks over the course of one month and a distance of just over 200,000 km.

Results: The results obtained at the end of the trial were then compared to existing data to provide a quantified figure for fuel and Adblue saving. The results are summarised below.

Table 2: Diesel consumption results from CHS Broadbent Trial

Identifier	Diesel Consumption Control (Litres/km)	Diesel Consumption Rox Diesel 9300C (Litres/km)	Fuel savings
Kenworth A	0.6514	0.6202	4.80%
Kenworth B	0.6965	0.6557	5.90%
Mack	0.6777	0.6444	4.90%

Diesel Consumption

■ Diesel Consumption - Control (Litres/km)
 ■ Diesel Consumption Rox Diesel 9300C (Litres/km)

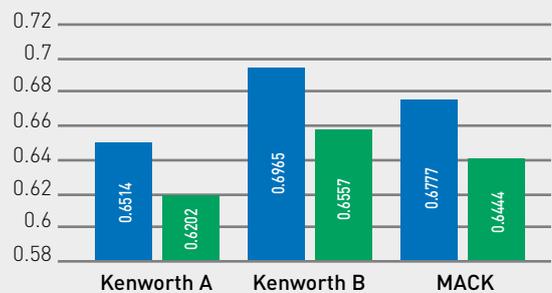

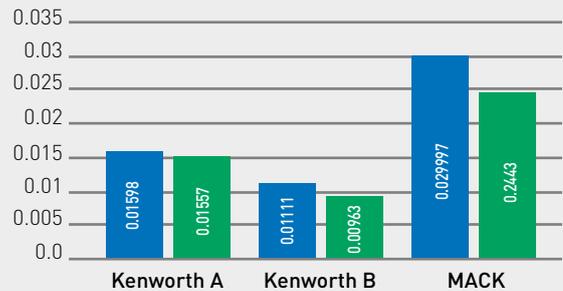

Table 3: Adblue consumption data from CHS Broadbent Trial

Identifier	Adblue per km Control	Adblue per km Rox Diesel 9300C	Adblue savings
Kenworth A	0.01598	0.01557	2.60%
Kenworth B	0.01111	0.00963	13.40%
Mack	0.029997	0.02443	18.50%

Adblue Consumption

■ Adblue per km - Control
 ■ Adblue per km - Rox Diesel 9300C

KI-OSE PRODUCTS FOR DISINFECTION

KI-OSE 350 COMMERCIAL GRADE DISINFECTANT

- Conforms to Virucidal Effectiveness European Standard EN 14476*
- Kills 99.99% of most harmful bacteria, fungi and viruses
- TGA listed for COVID-19 claim (ARTG No.336973)
Australian TGA listed for COVID-19 claim (ARTG No.355810)
- Kills SARS-CoV-2 (COVID-19) virus in 5 minutes, Murine hepatitis, Pseudomonas aeruginosa, Staphylococcus aureus (Golden Staph), Murine norovirus, Influenza A (H1N1), Escherichia coli (E coli), Enterococcus hirae and Proteus vulgaris.

Item Code	Packaging
-----------	-----------

9183/25/AU	500mL
------------	-------

KI-OSE 320 DISINFECTANT CLEANER WIPES

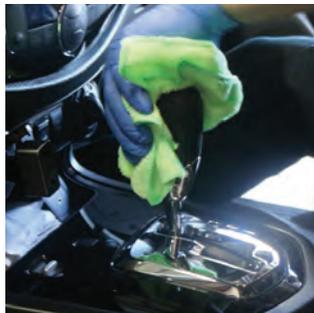

- Wide spectrum surface disinfectant
Authorised for contact with food
- Ready to use individual wipes
- Non-flammable

Item Code	Packaging
-----------	-----------

9174/005	Wipes
----------	-------

Door Handles

Gearstick

Steering Wheel

Handbrake and
Cup Holders

DIRECTIONS FOR USE

Liquid Wipe Method

Step 1: Apply the Ki-ose liquid onto a lint free cloth and spray the cloth until it is damp.

Step 2: Wipe down the touchpoints you wish to disinfect. Ensure the touchpoints are wet with the Ki-ose. If you need more of the Ki-ose liquid, refer to step one and wipe it down again.

Step 3: Leave for up to 5 minutes to ensure complete disinfection. No need to rinse off.
